

We are able to employ two senior staff at this stage only because of the very substantial grants made to BCR by Nottinghamshire County Council and the Beeston Consolidated Charity. The grant from the County as part of its Grant programme for 2015-18 was announced in early April, and is in addition to the support given by the County in allowing BCR to occupy the Centre rent-free and initially free of overhead expenses. The grant by Beeston Consolidated was offered at the end of May, and is specifically to support these two senior posts. The two grants will run for three years, subject to review of our performance.
